

Sink Circolari Copper

Kitchen Sinks

Code: 1130 868

DETAILS

Edge/Installation Type	Undermount
Material	AISI 304 stainless steel
Texture	Foster brushed
Finish	PVD
Coloring	Copper
Base	45 cm
Dimensions	Ø 425
Bowl dimension	Ø 380mm
Number of bowls	1 bowl

Built-in hole ø 380

Mixer holes No standard holes

Drainer No

Standard fittings Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Notes: Foster brushed sink with highly effective concentric polishing

FEATURES

Added value Foster uses steel thicknesses higher than those used on average by other manufacturers. This is how, thanks to our long experience, we know how to make sinks of superior quality and with a better resistance to aging.

Basket 3,5" waste fitting The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.

Copper The Copper finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
