| Built-in hole | 580x500 mm |
|---------------|------------|

|                 |                                 |
|-----------------|---------------------------------|
| Drainer         | Yes                             |
| Width           | 60 cm                           |
| Bowl dimension  | 270x400mm                       |
| Number of bowls | 1 bowl                          |
| Waste fitting   | Drain with automatic PR control |

## FEATURES

|                            |  |
|----------------------------|--|
| Double mixer hole          | The large tap counter is already fitted with a series of 2 tap holes. In the second hole it is possible to install the remote control of the automatic drain or, alternatively, a practical soap dispenser.  |
| Diamond-shape bottom       | The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow. |
| High thickness             | 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.  |
| Automatic waste fitting    | The waste-fitting with round remote knob is supplied; a practical accessory which makes it unnecessary to get wet in order to drain the water from the bowl.   |
| Basket 3,5" waste fitting  | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.   |
| Squared bowls - 0/9 radius | The square bowls of Foster have perfectly squared vertical edges, while those on the bottom have a small radius of 9 mm that facilitates cleaning operations.  |
| Deep bowls                 | This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.   |
