

# Sink Quadra EVO Gun Metal

Kitchen Sinks

Code: 1255 856

## DETAILS

|                        |                          |
|------------------------|--------------------------|
| Edge/Installation Type | Undermount               |
| Material               | AISI 304 stainless steel |
| Texture                | Brushed in line          |
| Finish                 | PVD                      |
| Finish                 | Foster brushed           |
| Coloring               | Gun Metal                |
| Base                   | 80 cm                    |
| Dimensions             | 570 x 470 mm             |
| Bowl dimension         | 530 x 430 mm             |

|       |       |
|-------|-------|
| Width | 57 cm |
|-------|-------|

|               |                                           |
|---------------|-------------------------------------------|
| Built-in hole | <a href="#">View technical data sheet</a> |
|---------------|-------------------------------------------|

|                 |        |
|-----------------|--------|
| Number of bowls | 1 bowl |
|-----------------|--------|

|             |                   |
|-------------|-------------------|
| Mixer holes | No standard holes |
|-------------|-------------------|

|         |    |
|---------|----|
| Drainer | No |
|---------|----|

|               |            |
|---------------|------------|
| Waste fitting | 3,5" drain |
|---------------|------------|

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Standard fittings | Fixing hooks, drain, overflow and siphon, boxed packing |
|-------------------|---------------------------------------------------------|

|        |                                                                                                 |
|--------|-------------------------------------------------------------------------------------------------|
| Notes: | Cad 3D geometries can be provided on request to make grids in the same material as the worktop. |
|--------|-------------------------------------------------------------------------------------------------|

## EQUIPMENT

1 x Black Grid 8100 615

## FEATURES

|                           |                                                                                                                          |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts. |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------|

|            |                                                                                                                                                                              |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Deep bowls | This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capincy and practicity in all the washing operations. |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                |                                                                                                   |
|----------------|---------------------------------------------------------------------------------------------------|
| High thickness | 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability. |
|----------------|---------------------------------------------------------------------------------------------------|

## MOULDED BOTTOM

The moulded bottom guarantees perfect water flow and facilitates cleaning operations thanks to the perimeter step with sloping walls.

---

## Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

---

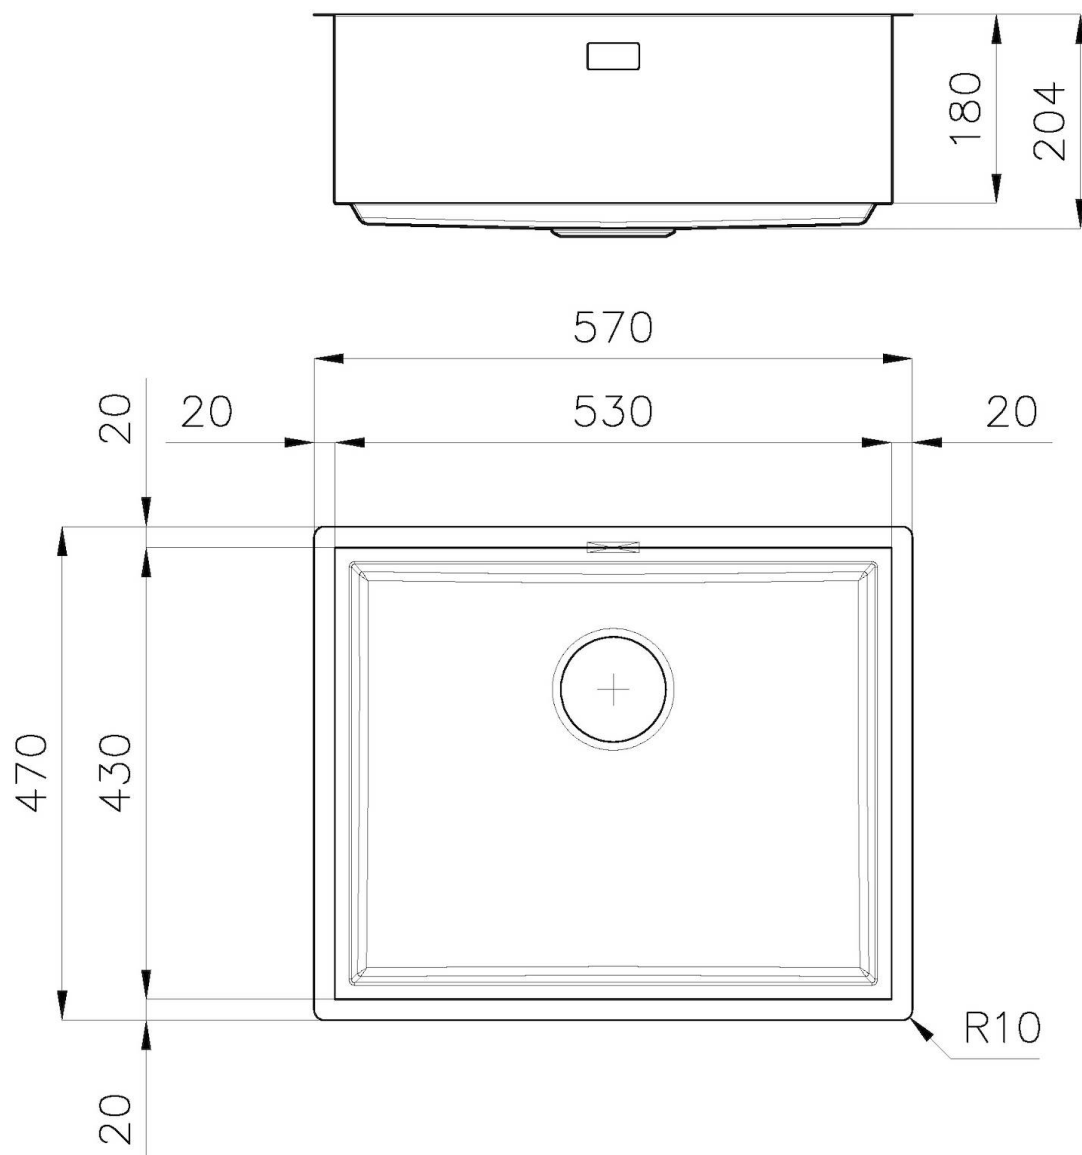

## Squared bowls - 0 radius

The square bowls of Foster have perfectly squared vertical edges.

---
