

## Sink Quadra R12 Gun Metal Fumè

Kitchen Sinks

Code: 1715 016

### DETAILS

Material AISI 304 stainless steel

Finish PVD

Coloring Gun Metal

Texture Fumé

Edge/Installation Type Flush-mount | Top-mount

Base 60 cm

Dimensions 540 x 440 mm

Bowl dimension 500 x 400 mm

Width 54 cm

Built-in hole

[View technical data sheet](#)

Number of bowls

1 bowl

Standard fittings

Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Drainer

No

Mixer holes

No standard holes

Waste fitting

Drain SPACE 3,5"

## FEATURES

Deep bowls

This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.

Diamond-shape bottom

The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow.

GUN METAL FUMÈ

The Gun Metal Fumè finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness

1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicity.
