

# Sink KE Gun Metal

Kitchen Sinks

Code: 2151 856

## DETAILS

Coloring	Gun Metal
Edge/Installation Type	Undermount
Finish	PVD
Material	AISI 304 stainless steel
Texture	Foster brushed
Base	30 cm
Dimensions	222x442 mm
Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing
Mixer holes	No standard holes

Built-in hole

Drainer

No

Width

22 cm

Bowl dimension

180x400mm

Number of bowls

1 bowl

Waste fitting

3,5" drain

## FEATURES

Basket 3,5" waste fitting

The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.

Gun Metal

The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness

1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
