

Sink KE Gun Metal

Kitchen Sinks

Code: 2155 856

DETAILS

Coloring Gun Metal

Edge/Installation Type Undermount

Finish PVD

Material AISI 304 stainless steel

Texture Foster brushed

Base 60 cm

Dimensions 540x440 mm

Standard fittings Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Mixer holes No standard holes

Built-in hole [View technical data sheet](#)

Drainer No

Width 54 cm

Bowl dimension 500x400mm

Number of bowls 1 bowl

Waste fitting 3,5" drain

FEATURES

Gun Metal The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Basket 3,5" waste fitting The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.

Perimetral overflow The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
