

Sink KE Black

Kitchen Sinks

Code: 2157 853

DETAILS

Edge/Installation Type	Undermount
Material	AISI 304 stainless steel
Finish	PVD
Coloring	Black
Texture	Foster brushed
Base	80 cm
Width	75 cm
Dimensions	750 x 440 mm
Bowl dimension	710 x 400 mm

Number of bowls	1 bowl
-----------------	--------

Built-in hole	View technical data sheet
---------------	---------------------------

Mixer holes	No standard holes
-------------	-------------------

Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing
-------------------	-----------------------------------------------------------------

Drainer	No
---------	----

Waste fitting	3,5" drain
---------------	------------

FEATURES

Basket 3,5" waste fitting	The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.
---------------------------	--------------------------------------------------------------------------------------------------------------------------

BLACK	The Black finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.
-------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
----------------	---------------------------------------------------------------------------------------------------

Perimetral overflow	The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.
---------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Small radius	Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
--------------	--------------------------------------------------------------------------------------------------------------------------------------------
