

## Sink Skin 530 Gold undermount

Kitchen Sinks

Code: 4453 849

### DETAILS

Edge/Installation Type	Undermount
Finish	PVD
Material	AISI 304 stainless steel
Coloring	Gold
Texture	Foster brushed
Base	60 cm
Dimensions	570x440 mm
Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing
Mixer holes	No standard holes

Built-in hole [View technical data sheet](#)

---

Drainer No

---

Width 57 cm

---

Bowl dimension 530x400mm

---

Number of bowls 1 bowl

---

Waste fitting Drain SPACE 3,5"

---

Notes: As the product consists of a single seamless steel surface with no gaps or interstices, the use of garbage disposal and waste fitting with automatic control is not permitted.

---

## FEATURES

**ONE SEAMLESS STEEL SURFACE** The waste-fitting and overflow are moulded on the sink. The product is therefore made out of one seamless steel surface, without gaps or interstices. A great plus in terms of hygiene.

---

**Gold** The Gold finish is obtained by treating the steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement in the mechanical properties of the steel that is more resistant to shocks and scratches.

---

**High thickness** 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

---

**Space waste fitting** The elegant SPACE steel cap closes the drain and leaves no visible residues collected in the basket below. Space also has a small footprint and allows the optimal use of the under-sink compartment.

---

**Save space system** Drain and siphon are designed to leave as much space as possible in the under-sink area, more and more useful today for theseparate waste collection systems.

---

## Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

---

## Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.

---

## Deep bowls

This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicality in all the washing operations.
