

OUTLINE COPPER

Kitchen Sinks

Code: 6602 008

DETAILS

Coloring	Copper
----------	--------

Edge/Installation Type	Flush-mount Top-mount
------------------------	-------------------------

Material	AISI 304 stainless steel
----------	--------------------------

Texture	Brushed in line
---------	-----------------

Base	90 cm
------	-------

Dimensions	873x513 mm
------------	------------

Standard fittings	Fixing hooks, gasket, drain, overflow and siphon, boxed packing
-------------------	-----------------------------------------------------------------

Mixer holes	2 standard holes - 3rd hole on request
-------------	----------------------------------------

Built-in hole	View technical data sheet
---------------	---------------------------

Drainer	No
---------	----

Number of bowls	1 bowl
-----------------	--------

Waste fitting	3,5" drain
---------------	------------

EQUIPMENT

8407 122 - Space Push
automatic waste fitting
8100 606 - Black grid
8100 607 - Black grid

FEATURES

High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
----------------	---------------------------------------------------------------------------------------------------

Space waste fitting	The elegant SPACE steel cap closes the drain and leaves no visible residues collected in the basket below. Space also has a small footprint and allows the optimal use of the under-sink compartment.
---------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Perimetral overflow	The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.
---------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Small radius	Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
--------------	--------------------------------------------------------------------------------------------------------------------------------------------

Deep bowls	This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicality in all the washing operations.
------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------
