

Cooker hob Elettra

Gas hobs

Code: 7068 042

DETAILS

Edge/Installation Type	Standard (8 mm Edge)
------------------------	----------------------

Finish	Foster brushed
--------	----------------

Material	AISI 304 stainless steel
----------	--------------------------

Texture	Brushed in line
---------	-----------------

Supply	220 - 240 V; 50/60 Hz
--------	-----------------------

Dimensions	590 x 500 mm
------------	--------------

Base size	60 cm
-----------	-------

Heating element	Four burners
-----------------	--------------

Built-in hole	560 x 480 mm
---------------	--------------

Grids	Cast iron grids and enamelled burner covers
-------	---

Width	56 cm
-------	-------

Total power	7.200 W
-------------	---------

Auxiliary	1.000 W
-----------	---------

Semirapid	2 x 1.750 W
-----------	-------------

Rapid	2.700 W
-------	---------

Safety	Safety valve with quick-acting thermocouple
--------	---

Ignition	Electric ignition under knob
----------	------------------------------

Gas type	Tested for installation with natural gas, LPG nozzle set included.
----------	--

Type	Gas Hob
------	---------

FEATURES

Cast iron grids	Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.
-----------------	--

Safe cooking	All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.
--------------	---

Under-knob ignition	The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
---------------------	---
