

Cooker hob FL

Gas hobs

Code: 7206 082

DETAILS

Edge/Installation Type	Flush-mount Top-mount
Material	AISI 304 stainless steel
Texture	Vintage
Supply	220-240 V; 50/60 Hz
Dimensions	873x513 mm
Base size	90cm
Heating element	Five burners
Built-in hole	View technical data sheet
Grids	Cast iron grids and enamelled burner covers

Width	87 cm
-------	-------

Total power	10.500 W
-------------	----------

Auxiliary	2x1.000 W
-----------	-----------

Semirapid	2x1.750 W
-----------	-----------

Dual	5.000 W
------	---------

Safety	Safety valve with quick-acting thermocouple
--------	---

Ignition	Electric ignition under knob
----------	------------------------------

Gas type	Tested for installation with natural gas, LPG nozzle set included.
----------	--

Type	Gas Hob
------	---------

EQUIPMENT

1 x Cast iron wok support 9601
727

FEATURES

VINTAGE	The Vintage finish gives the product a long-lived and elegant look, creating a surface that does not fear scratches.
---------	--

Aeo burners	The AEO burners guarantee up to 25% energy saving compared to standard burners. All models are designed with The Dual burner with 2 independent crowns, controlled by a single knob, delivers from 1 to 5KW, a power that can only be found in professional models.
-------------	---

Cast iron grids

Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

Safe cooking

All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

Special burners

Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.

Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.

Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
