

Cooker hob FL

Gas hobs

Code: 7209 032

DETAILS

Edge/Installation Type	Flat Edge
Finish	Foster brushed
Material	AISI 304 stainless steel
Texture	Brushed in line
Supply	220-240 V; 50/60 Hz
Dimensions	353x513 mm
Base size	35cm
Heating element	two burners
Built-in hole	320x480 mm

Grids	Cast iron grids and enamelled burner covers
-------	---

Width	35 cm
-------	-------

Total power	2.750 W
-------------	---------

Auxiliary	1.000 W
-----------	---------

Semirapid	1.750 W
-----------	---------

Safety	Safety valve with quick-acting thermocouple
--------	---

Ignition	Electric ignition under knob
----------	------------------------------

Gas type	Tested for installation with natural gas, LPG nozzle set included.
----------	--

Type	Gas Hob
------	---------

FEATURES

Under-knob ignition	The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
---------------------	---

Special burners	Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.
-----------------	--

Safe cooking	All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.
--------------	---

Cast iron grids

Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.
