

Cooker hob S4000

Gas hobs

Code: 7270 032

DETAILS

Edge/Installation Type	Q4 (4 mm Edge)
------------------------	----------------

Finish	Foster brushed
--------	----------------

Material	AISI 304 stainless steel
----------	--------------------------

Texture	Brushed in line
---------	-----------------

Supply	220 - 240 V; 50/60 Hz
--------	-----------------------

Dimensions	920x520 mm
------------	------------

Base size	90cm
-----------	------

Heating element	Five burners
-----------------	--------------

Cut out	860x480 mm
---------	------------

Grids	Cast iron grids and enamelled burner covers
-------	---

Width	92 cm
-------	-------

Total power	11.400 w
-------------	----------

Auxiliary	1.100 W
-----------	---------

Semirapid	2 x 1.750 W
-----------	-------------

Rapid	3.000 W
-------	---------

Triple crown	3.800 W
--------------	---------

Safety	Safety valve with quick-acting thermocouple
--------	---

Ignition	Electric ignition under knob
----------	------------------------------

Gas type	Tested for installation with natural gas, LPG nozzle set included.
----------	--

Type	Gas Hob
------	---------

FEATURES

Cast iron grids	Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.
-----------------	--

Gas hobs	
----------	--

III^ series burners

III ^ series burners: 20% gas savings. They guarantee an efficiency well above the European standards. Furthermore, the improved combustion of gas allows the development of higher powers. From the point of view of safety, the blocking system between the cover and the flame-spreader guarantees perfect positioning and greater ease of cleaning.

Safe cooking

All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

Special burners

Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.

Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.

Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
