Fixing system	Fixing kit (brass insert and clips)

**Notes:** The following accessories are included:  
1x 8542 655 - Knife holder  
1x 1773 722 - Bottle holder  
1x 1774 000 - Bowl with lid

## FEATURES

Diamond-shape bottom	The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow.
High thickness	1.5 mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
Inclined recess	A deep and inclined recess houses the burners and grigs, allowing to create a single work surface. The inclination also makes it extremely easy to clean the edges.
Save space system	Drain and siphon are designed to leave as much space as possible in the under-sink area, more and more useful today for theseparate waste collection systems.
Squared bowls - 0/9 radius	The square bowls of Foster have perfectly squared vertical edges, while those on the bottom have a small radius of 9 mm that facilitates cleaning operations.

## TECHNICAL DATA

1. Sit-up installation on the worktop

2. Sit-up installation on the cabinets and protruding over the worktop

3. Built-in installation flush with the worktop

## GALLERY

## OPTIONAL ACCESSORIES

Chopping board

Grating kit complete with ring support and food collection tray
