Built-in hole	ø 380

Mixer holes

No standard holes

Drainer

No

Standard fittings

Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Notes:

Foster brushed sink with highly effective concentric polishing

FEATURES

Added value

Foster uses steel thicknesses higher than those used on average by other manufacturers. This is how, thanks to our long experience, we know how to make sinks of superior quality and with a better resistance to aging.

Basket 3,5" waste fitting

The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.

High thickness

1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
