

Sink Quadra R12 Gun Metal

Kitchen Sinks

Code: 1717 856

DETAILS

Material	AISI 304 stainless steel
----------	--------------------------

Texture	Brushed in line
---------	-----------------

Finish	PVD
--------	-----

Coloring	Gun Metal
----------	-----------

Edge/Installation Type	Undermount
------------------------	------------

Base	80 cm
------	-------

Dimensions	750 x 440 mm
------------	--------------

Bowl dimension	710 x 400 mm
----------------	--------------

Width	75 cm
-------	-------

Built-in hole

[View technical data sheet](#)

Number of bowls

1 bowl

Standard fittings

Fixing hooks, drain, overflow and siphon, boxed packing

Drainer

No

Mixer holes

No standard holes

Waste fitting

Drain SPACE 3,5"

FEATURES

Deep bowls

This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.

Diamond-shape bottom

The draining of water is an important feature in a sink, and it's always taken good care of in Foster products. In the bent-welded sinks, which would have a flat bottom, the proper draining is guaranteed by the elegant beveling, which helps the water flow.

Gun Metal

The Gun Metal finish is obtained by treating steel with a physical process called PVD (Phisical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

High thickness

1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

Perimetral overflow

The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicity.
