

Refrigerator

Refrigerators

Code: 2039 000

DETAILS

Supply	220-230V - 50Hz
--------	-----------------

Alarms	Double alarm: door open / temperature
--------	---------------------------------------

Freezing capability	10Kg / 24h
---------------------	------------

Total gross capacity	235Lt
----------------------	-------

Freezer net Capacity	212Lt
----------------------	-------

Hinges	Slide
--------	-------

Climate class	SN/T (tropical +10°C/+43°C)
---------------	-----------------------------

Energy class	A+
--------------	----

Annual energy consumption	277kWh
---------------------------	--------

Dimensions	540x1772x545 mm
Lighting	LED
Door	Reversible - std hinges on the right
Noise level	39dB(A)
Control type	Electronic control with LED display
Fridge type	single-door built-in freezer
Type	Built-in drawer freezer

FEATURES

Advanced fast freeze	These functions are available on models with digital programming; they respectively allow the freezing and quick cooling of large quantities of food.
No-frost freezer	The No-Frost technology removes moisture from the freezer with a forced ventilation system in controlled temperature and humidity conditions. No more ice that reduces the usable volume, glues packings one to the other and compromises performance.
