|---------|----------------|

|      |       |
|------|-------|
| Base | 80 cm |
|------|-------|

|            |            |
|------------|------------|
| Dimensions | 770x520 mm |
|------------|------------|

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Standard fittings | Fixing hooks, gasket, drain, overflow and siphon, boxed packing |
|-------------------|-----------------------------------------------------------------|

|             |                                        |
|-------------|----------------------------------------|
| Mixer holes | 2 standard holes - 3rd hole on request |
|-------------|----------------------------------------|

|               |            |
|---------------|------------|
| Built-in hole | 750x500 mm |
|---------------|------------|

|                 |                                 |
|-----------------|---------------------------------|
| Drainer         | No                              |
| Width           | 77 cm                           |
| Bowl dimension  | 340x400mm                       |
| Number of bowls | 2 bowls                         |
| Waste fitting   | Drain with automatic PM control |

## FEATURES

|                           |                                                                                                                                                                                                             |
|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Automatic waste fitting   | The waste-fitting with round remote knob is supplied; a practical accessory which makes it unnecessary to get wet in order to drain the water from the bowl.                                                |
| Basket 3,5" waste fitting | The drain is equipped with a large 3.5" drain, with the practical basket cap that prevents the discharge of solid parts.                                                                                    |
| Deep bowls                | This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.                                |
| Double mixer hole         | The large tap counter is already fitted with a series of 2 tap holes. In the second hole it is possible to install the remote control of the automatic drain or, alternatively, a practical soap dispenser. |
| High thickness            | 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.                                                                                                           |
| Perimetral overflow       | The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape. |
| Small radius              | Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicity.                                                                    |
