FEATURES

Brushless motor	State-of-the-art Brushless motors allow high air flow rates while maintaining a low energy consumption. Furthermore, they have an almost never-ending duration.
-----------------	---

Filter cleaning notice	This function keeps track of the hours of use of the hood and signals the need to wash the filters in order to maintain the perfect efficiency of the hood.
------------------------	---

Led lighting	Particular attention to energy saving with LED lighting systems. They assure a 10 times lower consumption and a 10 times longer duration. Our LED lights are designed to create an adequate comfort and safety in the cooking area.
--------------	---

Steel filters	Where the filter is in plain sight, the aluminium filtering element is covered in stainless steel. This solution improves the look and increases the durability of the product.
