

## Hood Flat white

Hoods

Code: 2513 161

### DETAILS

Coloring White

---

Material Glass

---

Energy class A

---

Product details Undercabinet with optional telescopic chimney and stainless engine-cover

---

Grease filters Grease filters: 1 filtre for 60 cm hood, 2 filters for 90 cm hood, 4 filters for 120 cm hood

---

Operation Suction hood (filtering mode with optional carbon filters)

---

Air exhaust hole  $\varnothing$  120/150 mm

---

Lighting Strip LED lighting (4.200 kelvin)

---

Air flow rate 750mc/h

---

Motor power 275W

---

Hood type Built-in suction hood

---

Type of commands Touch Control

---

Suction speed 4 operating speeds

---

Notes: Fume exhaust ducts must have an internal diameter not lower than 120 mm

---

## FEATURES

**Auto delayed shutdown** All the models with electronic interface can be programmed to turn off the suction at a postponed moment, so as to prolong the aeration of the room even after the cooking has been completed.

---

**Led lighting** Particular attention to energy saving with LED lighting systems. They assure a 10 times lower consumption and a 10 times longer duration. Our LED lights are designed to create an adequate comfort and safety in the cooking area.

---

**Perimetric aspiration** The perimeter suction is a feature common to many Foster hoods. The filters are hidden by steel- or crystal plates and the suction occurs along their perimeter. This has aesthetic advantages but also functional ones: the cleaning is easier, the suction power and noise-level are improved. The depression which occurs in the perimeter area facilitates in fact the suction of the particles composing the fumes.
