## FEATURES

**Auto delayed shutdown** All the models with electronic interface can be programmed to turn off the suction at a postponed moment, so as to prolong the aeration of the room even after the cooking has been completed.

---

**high performance** Foster hoods motors have a high suction capacity. Their refined design hides a powerful appliance with professional features.

---

**Led lighting** Particular attention to energy saving with LED lighting systems. They assure a 10 times lower consumption and a 10 times longer duration. Our LED lights are designed to create an adequate comfort and safety in the cooking area.

---

**Steel filters** Where the filter is in plain sight, the aluminium filtering element is covered in stainless steel. This solution improves the look and increases the durability of the product.
