

Sink Phantom Edge Vintage Gun Metal

Kitchen Sinks

Code: 4156 856

DETAILS

Coloring Gun Metal

Edge/Installation Type Phantom Edge | Top 12 mm

Finish PVD

Material AISI 304 stainless steel

Texture Vintage

Base 60 cm

Dimensions 442x442 mm

Standard fittings Drain, overflow and siphon, boxed packing

Mixer holes No standard holes

Built-in hole [View technical data sheet](#)

Drainer No

Bowl dimension 400x400mm

Number of bowls 1 bowl

Waste fitting 3,5" drain

FEATURES

Gun Metal The Gun Metal finish is obtained by treating steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement of the mechanical properties of the steel which is more resistant to impact and scratches.

VINTAGE PVD The prestigious PVD finish combines with the care for detail of the Vintage finish, to create a combination of unique elegance.

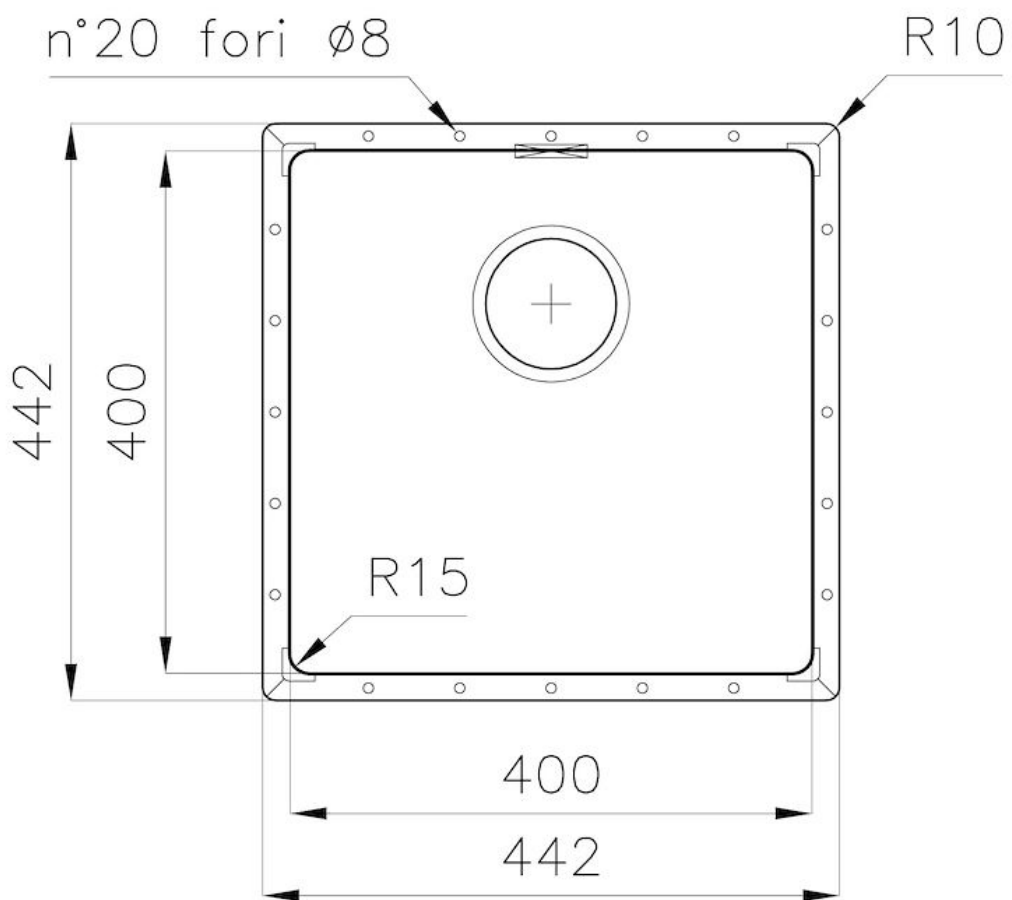

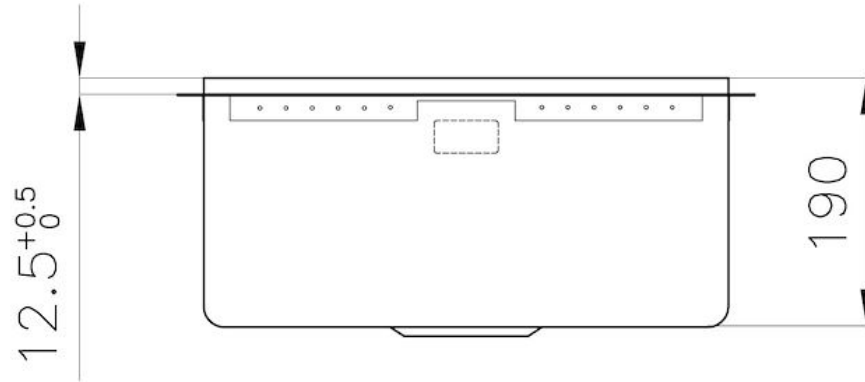

PHANTOM EDGE The Phantom Edge bowls are specifically manufactured for zero-edge installation. They are equipped with a perimetric fixing system onto which the worktop is lodged. The standard version is meant for 12mm-thick worktops.

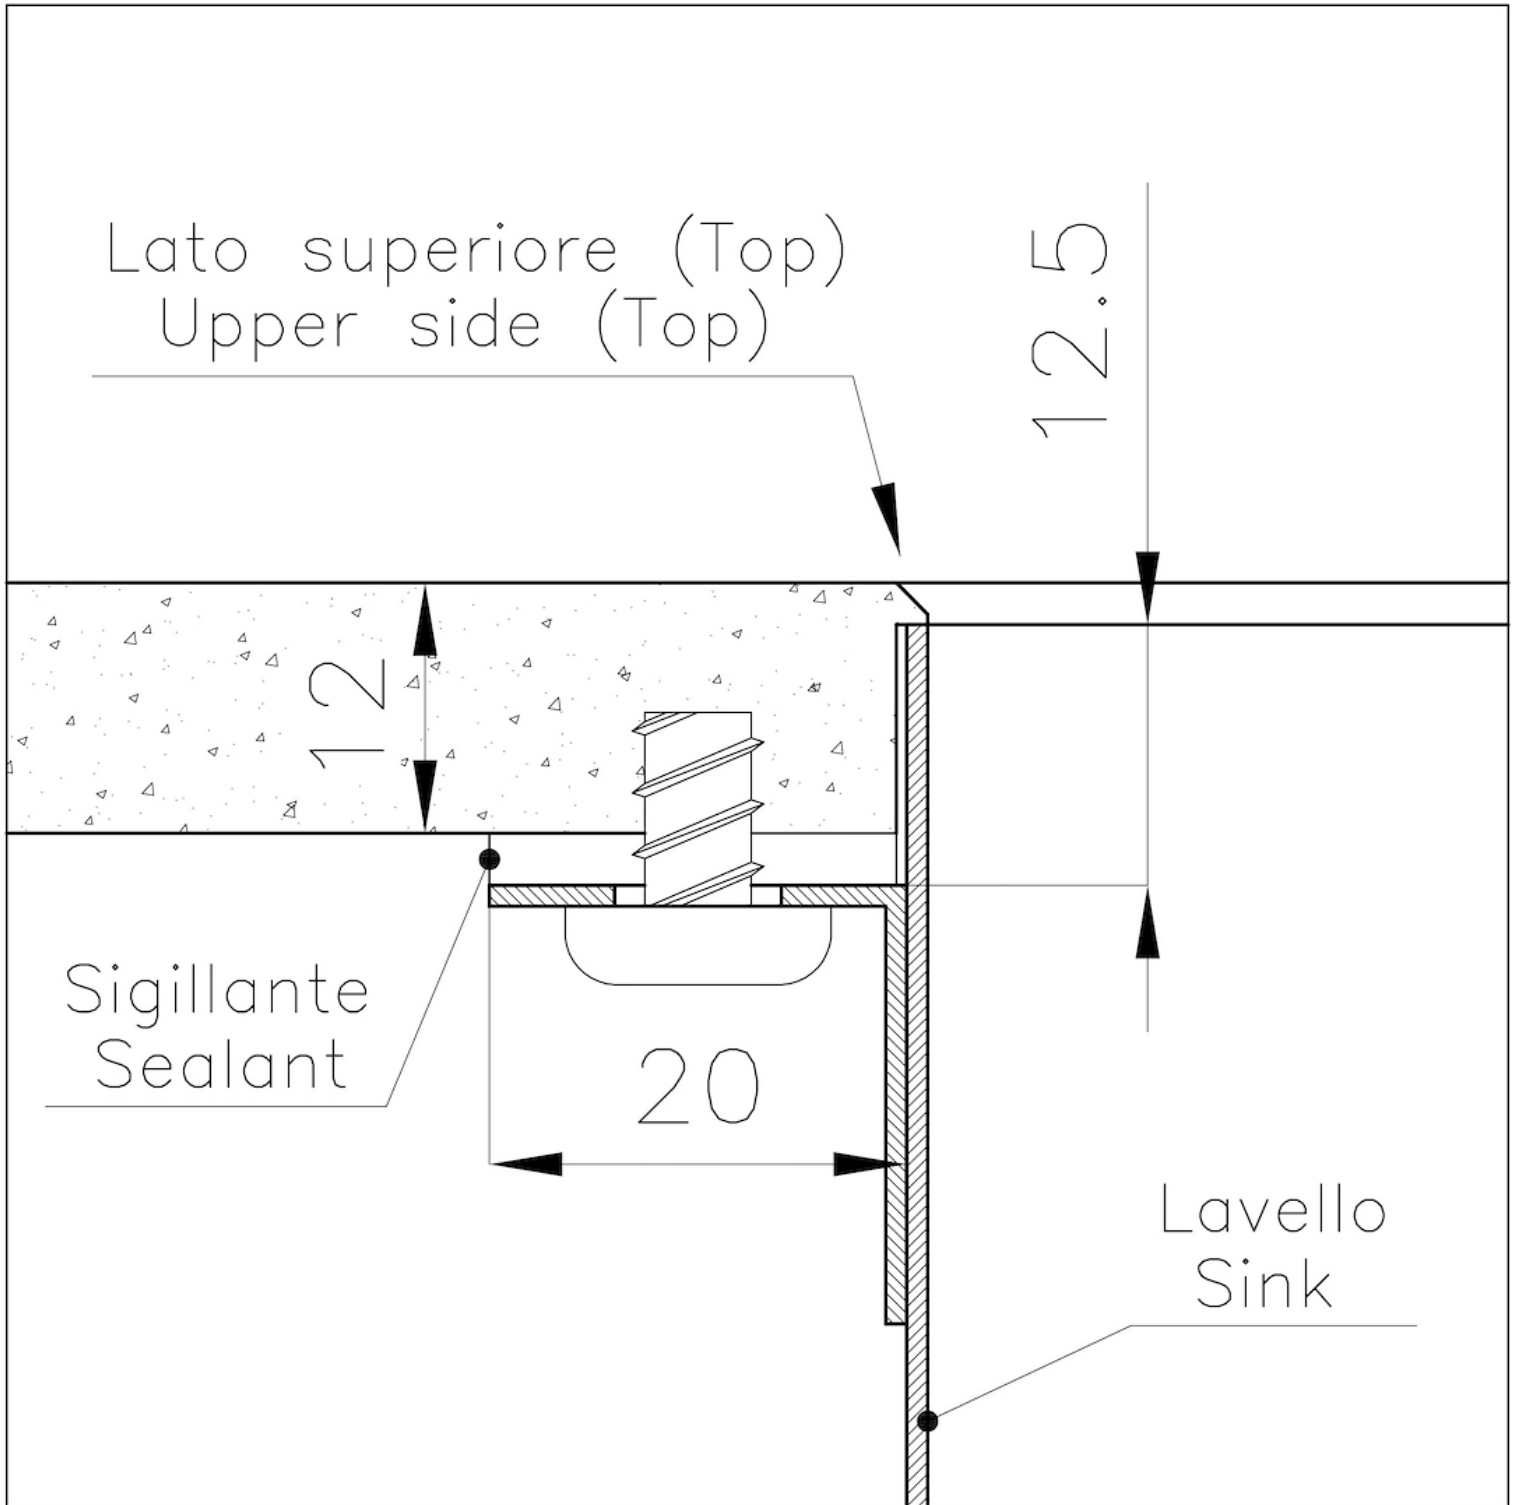

High thickness 1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.

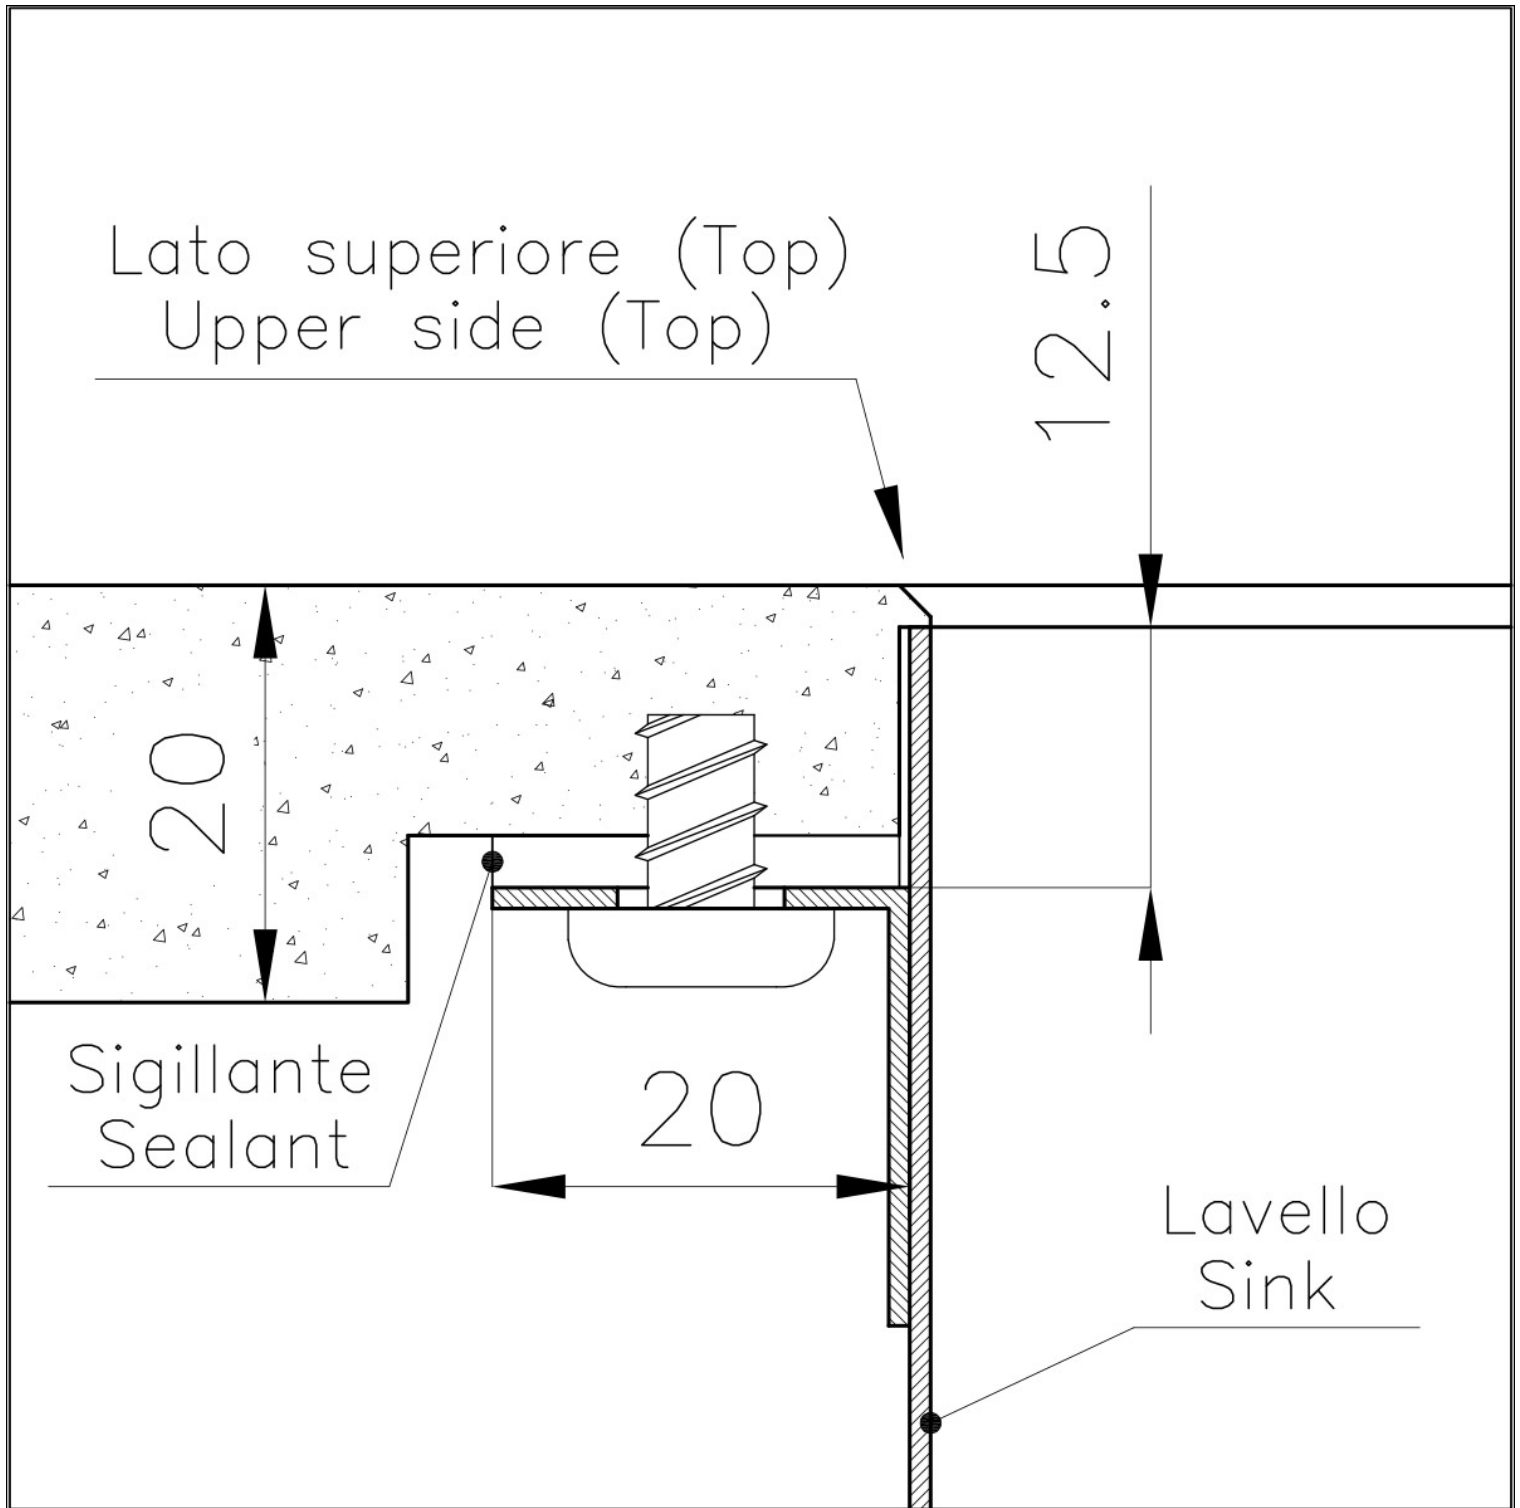

Small radius Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.

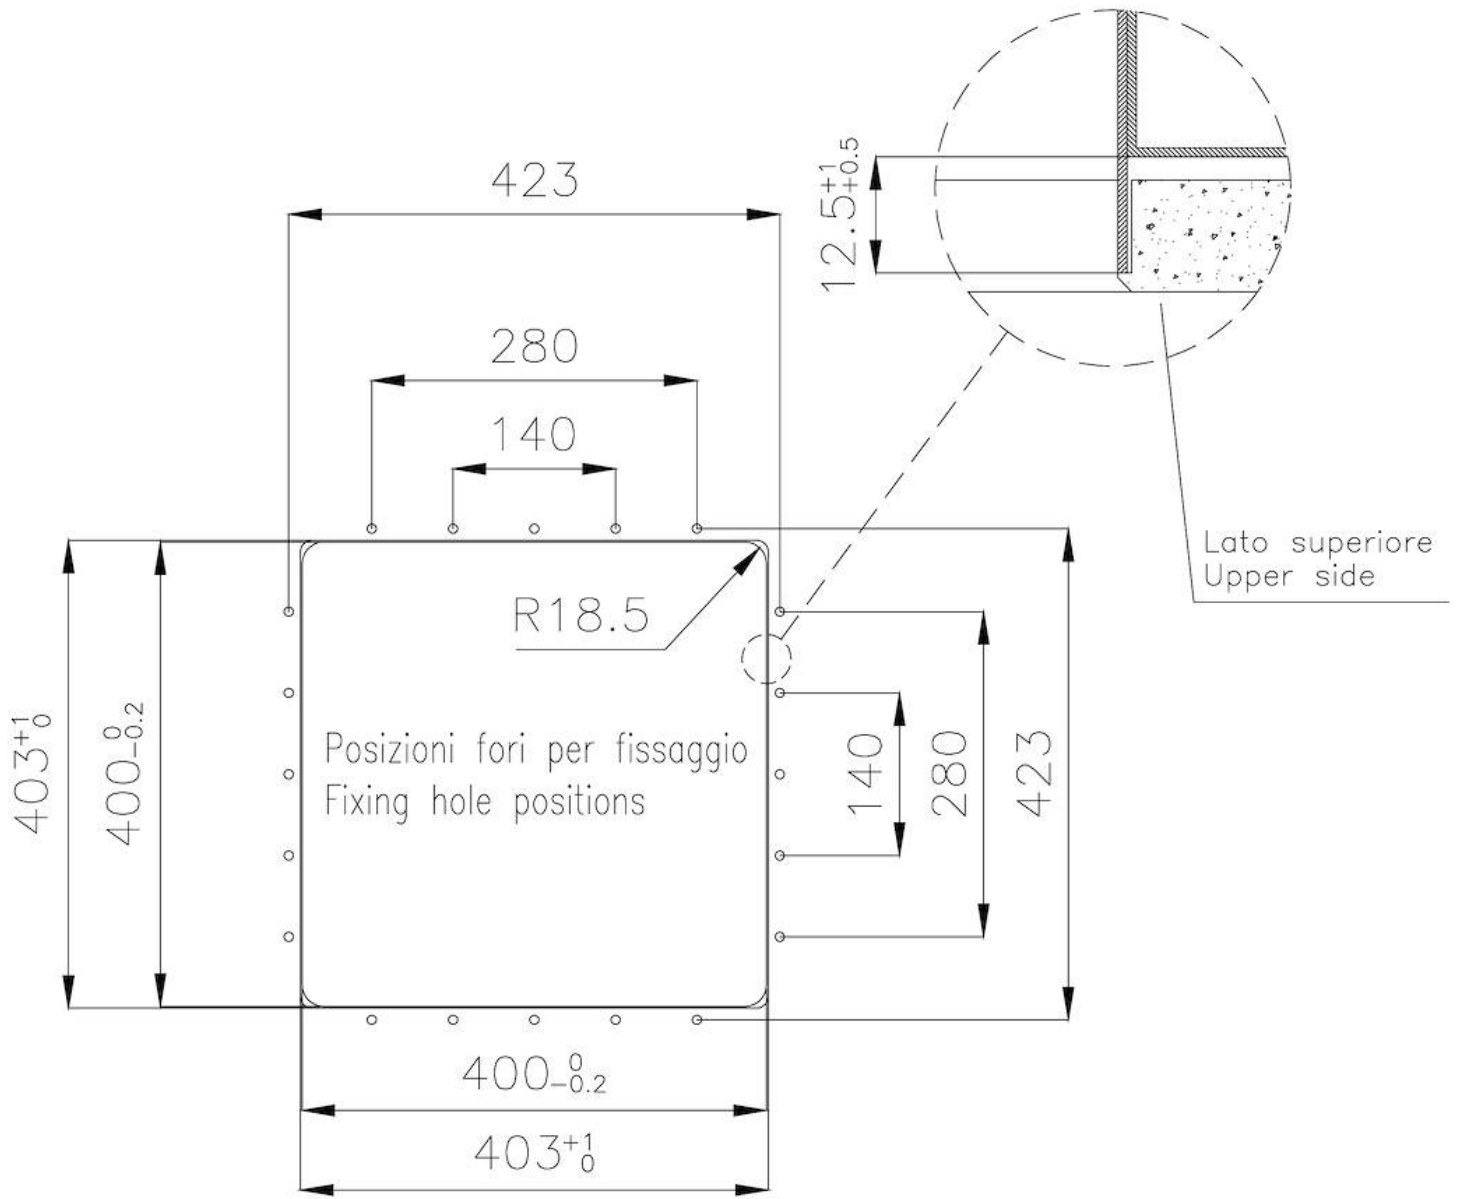

Perimetral overflow The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.
