

## Sink Phantom Edge Vintage Gold

Kitchen Sinks

Code: 4156 859

### DETAILS

Coloring	Gold
----------	------

Edge/Installation Type	Phantom Edge   Top 12 mm
------------------------	--------------------------

Finish	PVD
--------	-----

Material	AISI 304 stainless steel
----------	--------------------------

Texture	Vintage
---------	---------

Base	60 cm
------	-------

Dimensions	442x442 mm
------------	------------

Standard fittings	Drain, overflow and siphon, boxed packing
-------------------	---

Mixer holes	No standard holes
-------------	-------------------

Built-in hole	<a href="#">View technical data sheet</a>
---------------	---

Drainer	No
---------	----

Bowl dimension	400x400mm
----------------	-----------

Number of bowls	1 bowl
-----------------	--------

Waste fitting	3,5" drain
---------------	------------

## FEATURES

Gold	The Gold finish is obtained by treating the steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement in the mechanical properties of the steel that is more resistant to shocks and scratches.
------	--

VINTAGE PVD	The prestigious PVD finish combines with the care for detail of the Vintage finish, to create a combination of unique elegance.
-------------	---

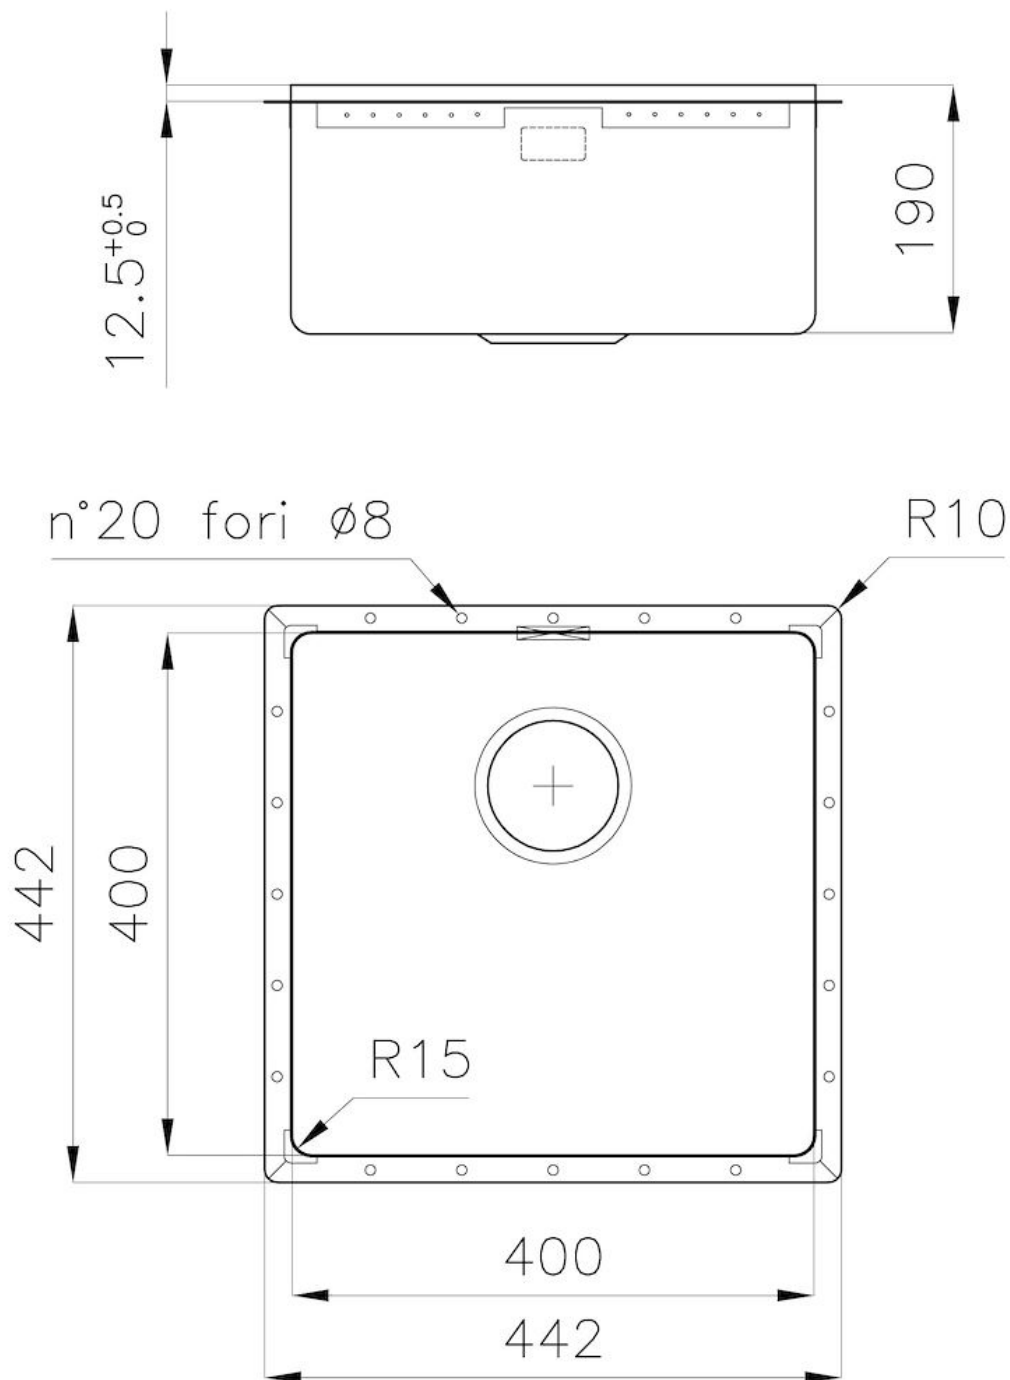

PHANTOM EDGE	The Phantom Edge bowls are specifically manufactured for zero-edge installation. They are equipped with a perimetric fixing system onto which the worktop is lodged. The standard version is meant for 12mm-thick worktops.
--------------	---

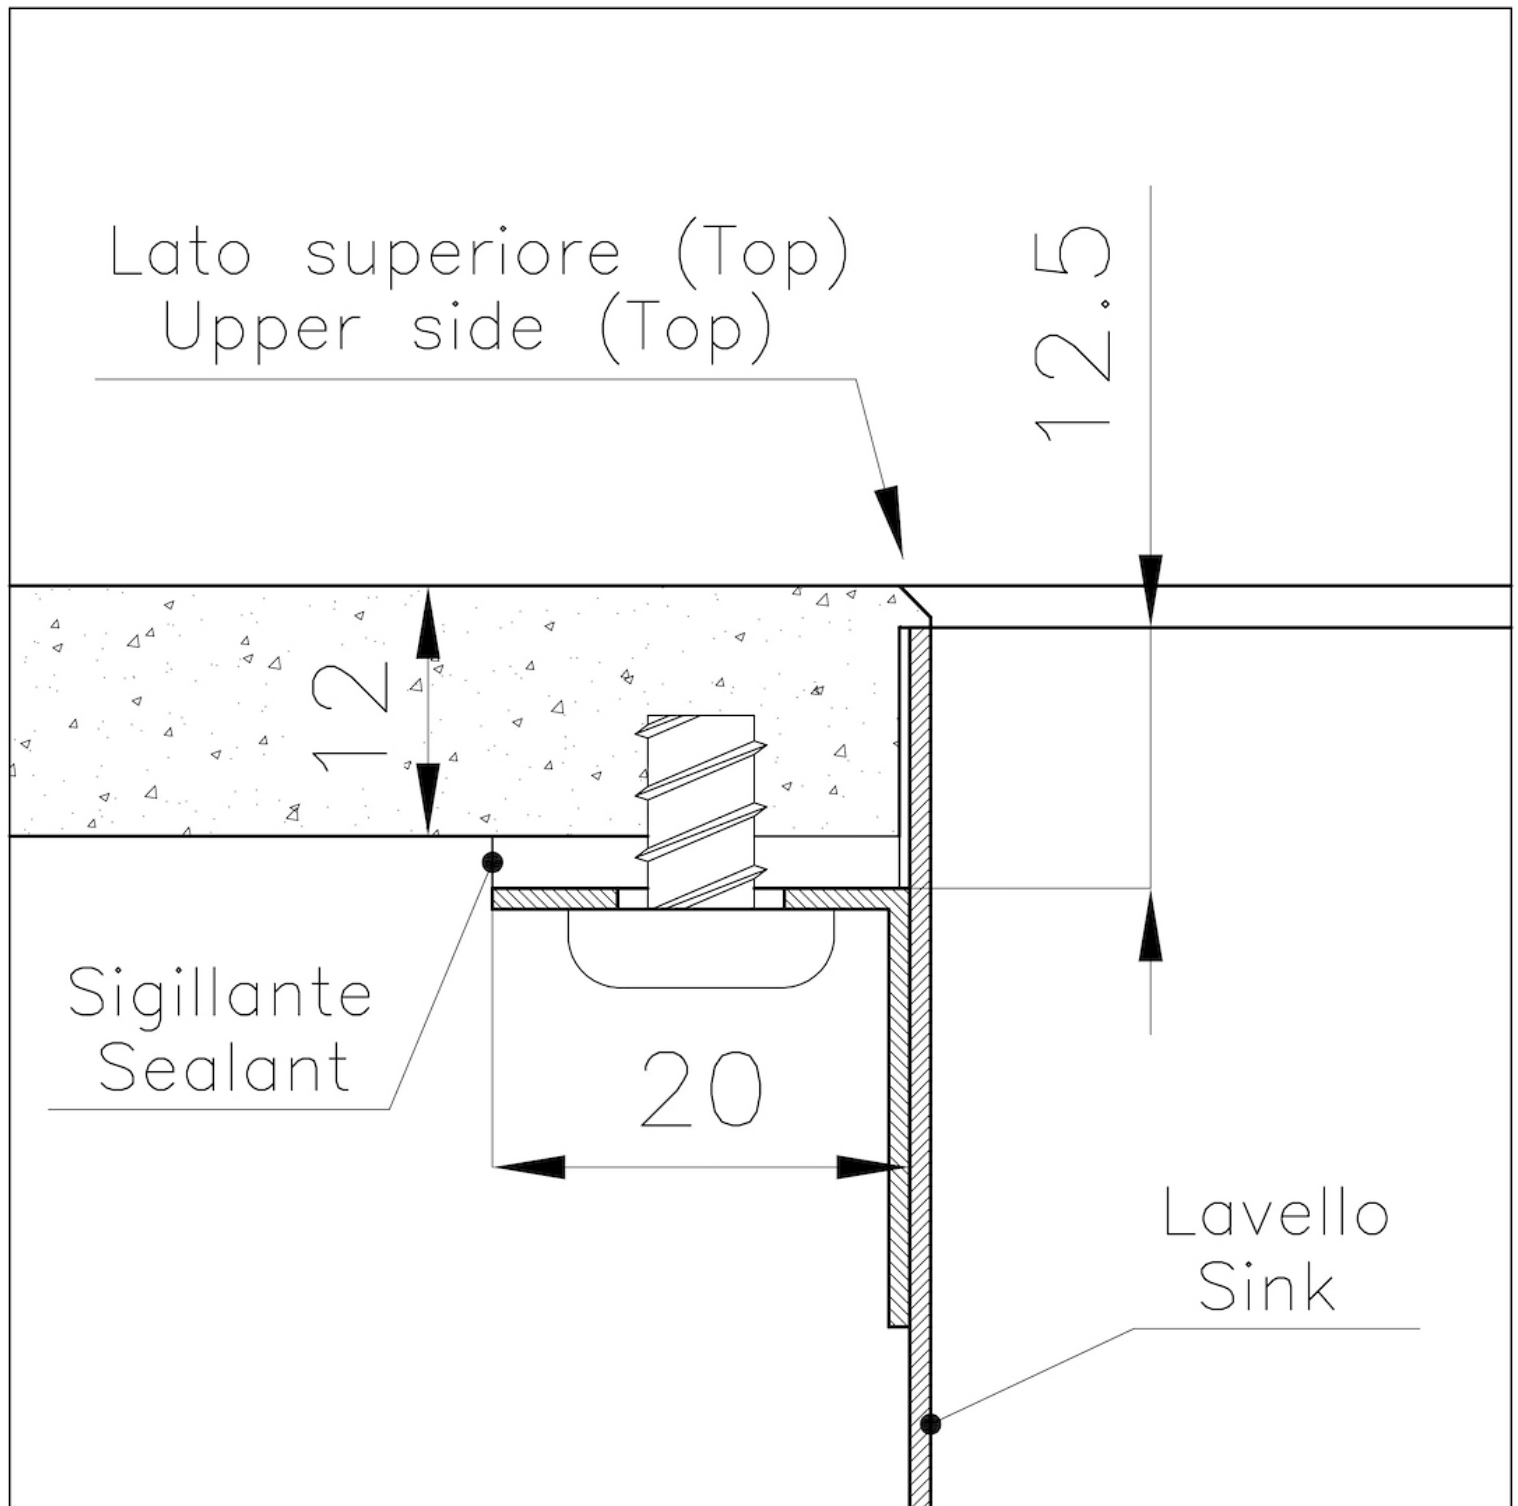

High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
----------------	---

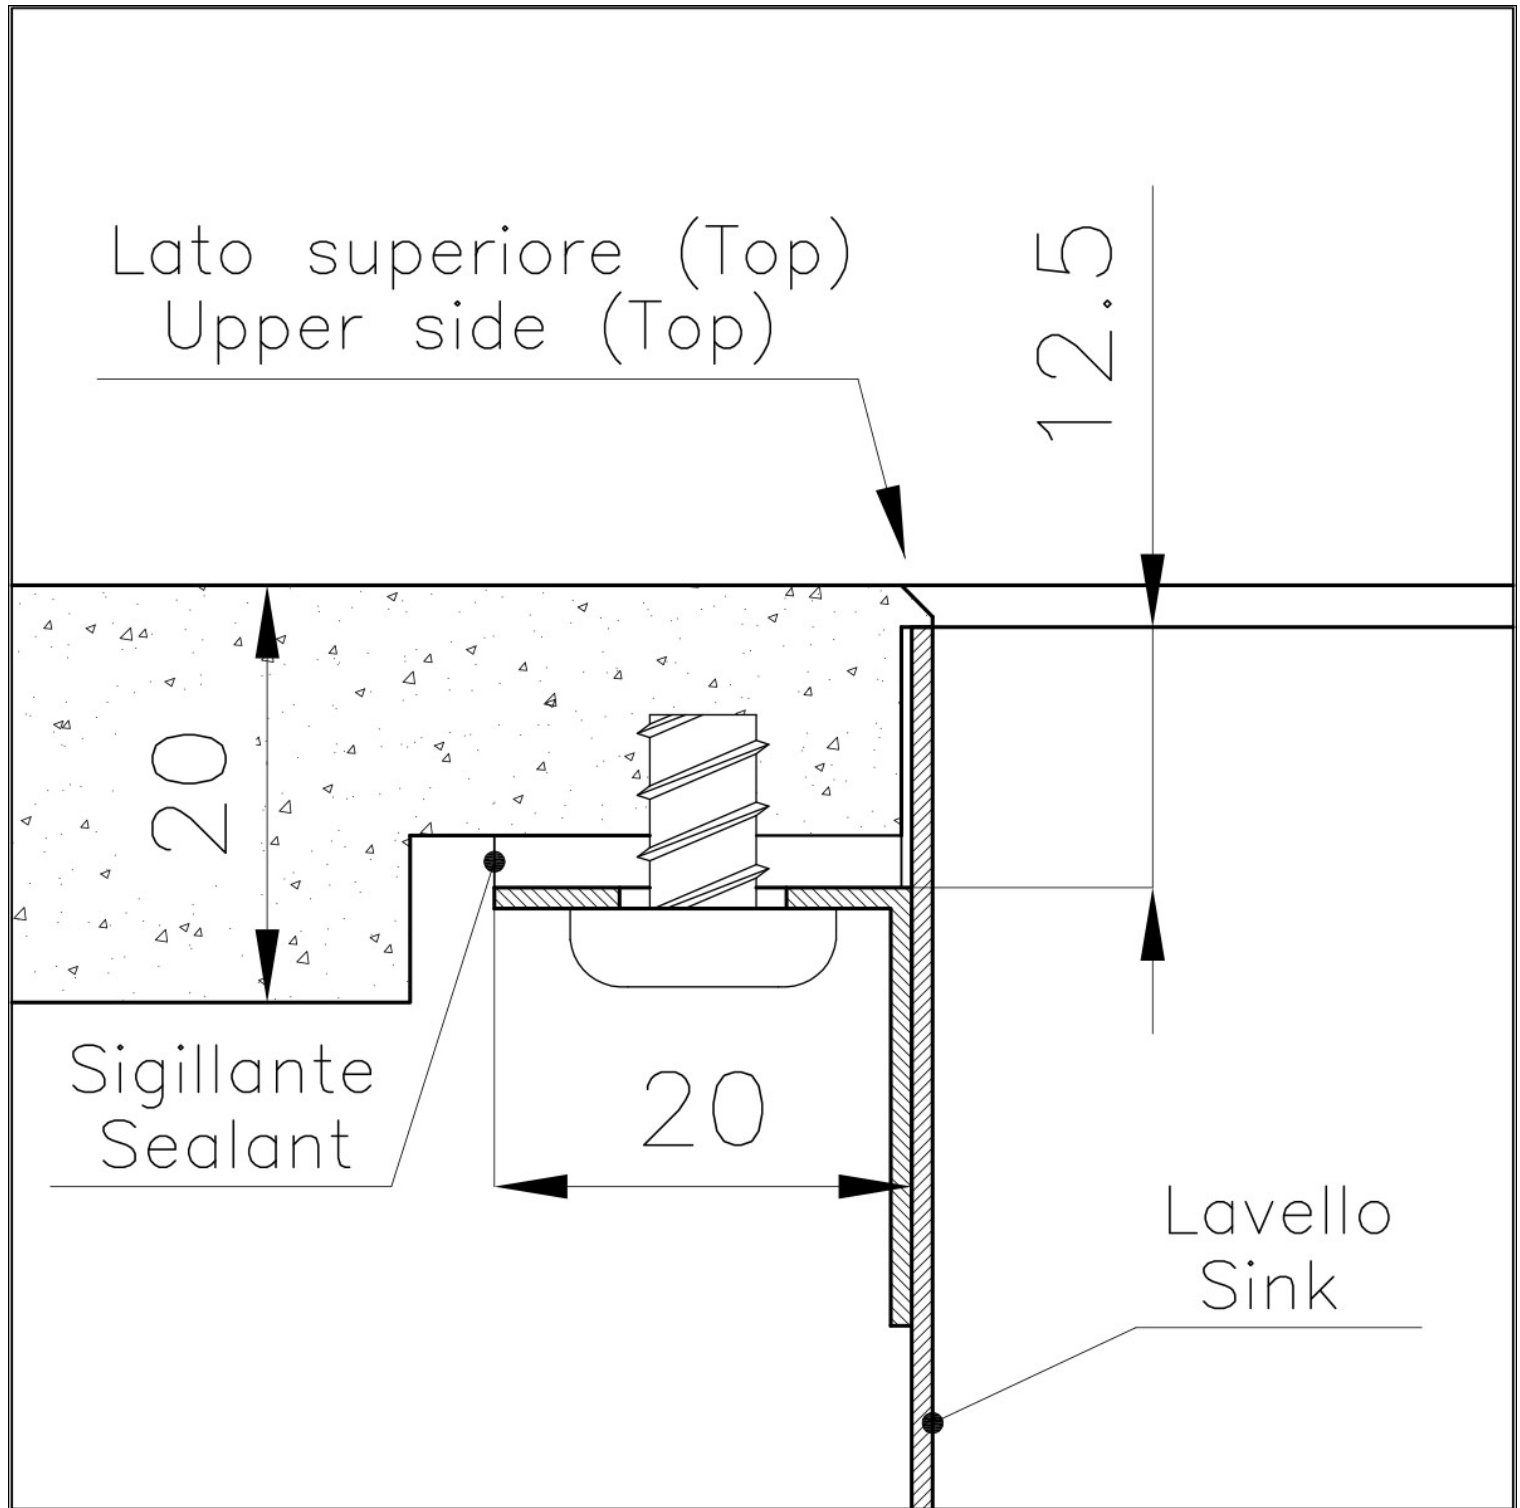

Small radius	Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme practicality.
--------------	--

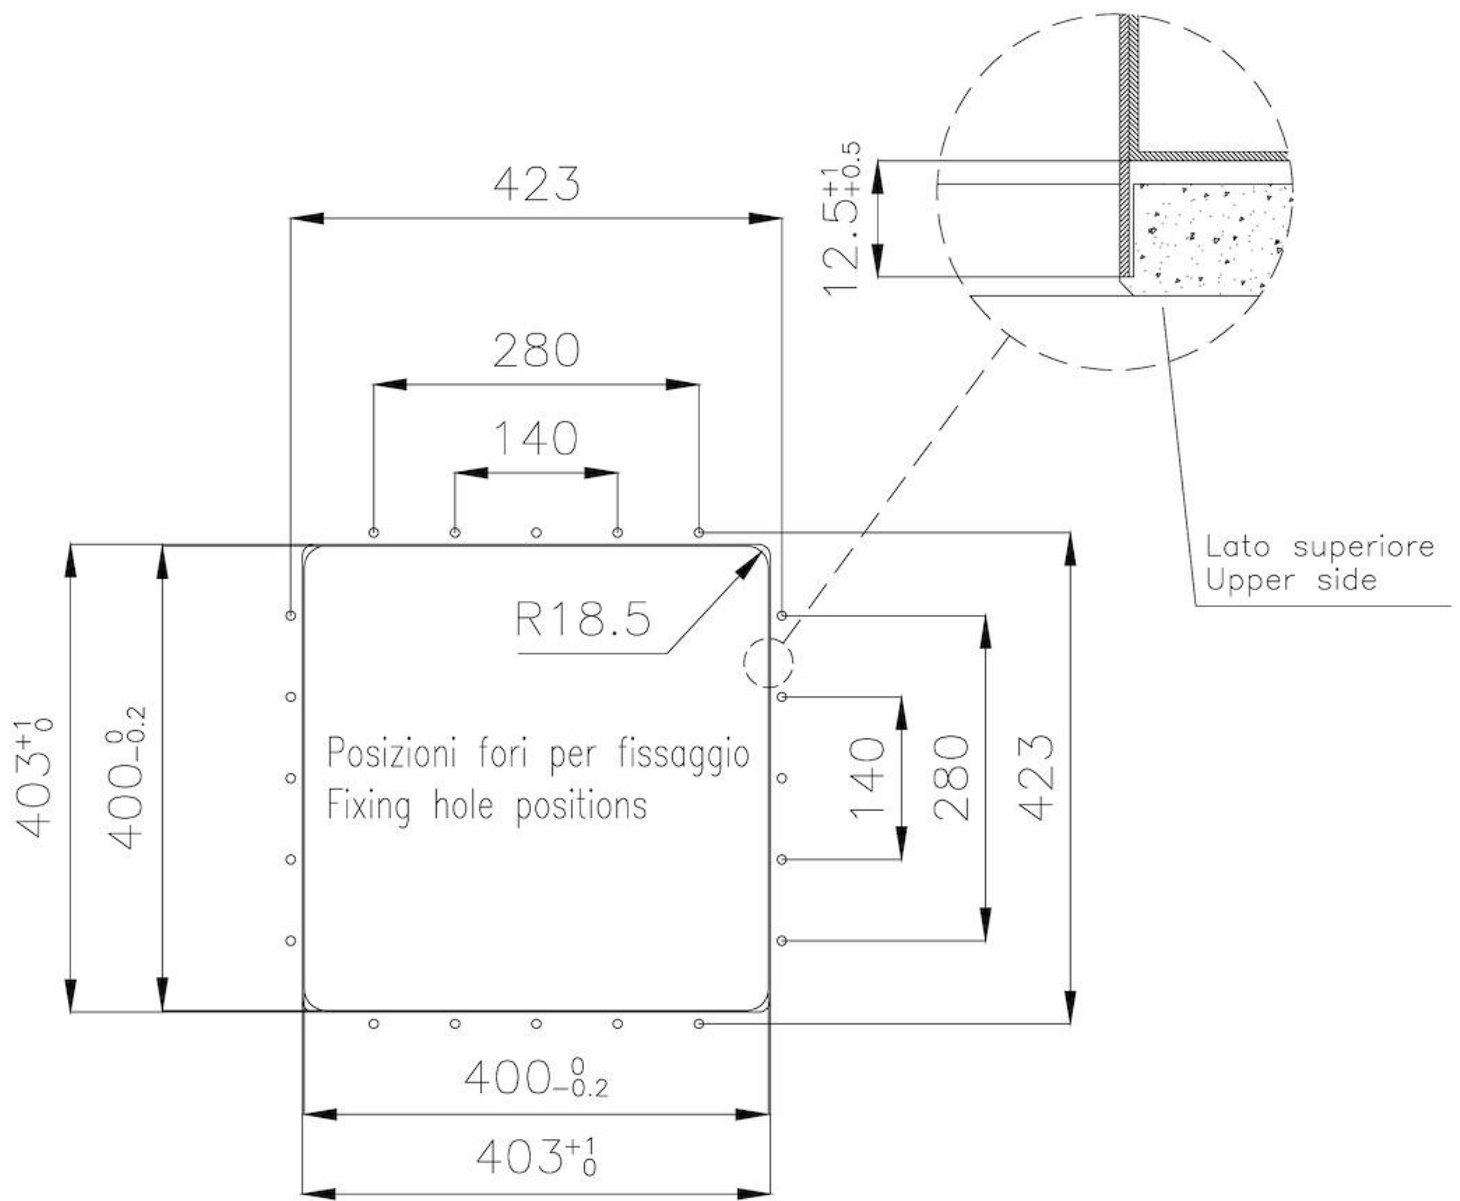

Perimetral overflow	The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.
---------------------	---
