

Cooker hob GK

Gas hobs

Code: 7628 032

DETAILS

Edge/Installation Type	Flat Edge
Finish	Foster brushed
Material	AISI 304 stainless steel
Texture	Brushed in line
Supply	220-240 V; 50/60 Hz
Dimensions	1294x470 mm
Base size	120cm
Heating element	Five burners
Cut out	1274x450 mm

Grids Cast iron grids and enamelled burner covers

Width 129 cm

Total power 11.750 W

Auxiliary 2x1.000 W

Semirapid 1.750 W

Rapid 3.000 W

Dual 5.000 W

Safety Safety valve with quick-acting thermocouple

Ignition Electric ignition under knob

Gas type Tested for installation with natural gas, LPG nozzle set included.

Type Gas Hob

EQUIPMENT

1 x Cast iron wok support 9601
727

FEATURES

Aeo burners

The AEO burners guarantee up to 25% energy saving compared to standard burners. All models are designed with The Dual burner with 2 independent crowns, controlled by a single knob, delivers from 1 to 5KW, a power that can only be found in professional models.

Cast iron grids

Cast-iron is the ideal material for an hob grid, this due to the manifold properties characterising it: high heat capacity that improves cooking performance; high weight and stability that improve safety; sturdiness that preserves the hob's original aspect over time; easy cleaning.

Gas hobs

Inclined recess

A deep and inclined recess houses the burners and grids, allowing to create a single work surface. The inclination also makes it extremely easy to clean the edges.

Safe cooking

All Foster cooker hobs are equipped with safety valves. They shut off the gas supply very quickly if the flame accidentally goes out.

Special burners

Many Foster hobs are equipped with special burners, with two or three rings of fire that greatly increase the power delivered and the heated surface. In the DUAL models the two fire crowns also have independent ignition, making these burners perfect for both intensive and delicate cooking.

Ultra-flat hob

Design meets functionality in the the ultra-flat models. Elegant grids that form a generously sized overall surface.

Under-knob ignition

The utmost freedom of movement with electronic under-knob ignition, a common feature of all models that allows a one-hand ignition of the burner.
